

WIO 2019 SUMMER SYMPOSIUM – CALL FOR ABSTRACTS!

Submission Deadline: April 15, 2019

The WIO Summer Symposium is the perfect venue to present your current research projects. Consider submitting an abstract in the areas of original research, patient care, education or technology.

IMPORTANT INFORMATION

- Deadline for abstract submissions is April 15, 2019. Changes to the abstracts may not be made past the deadline.
- WIO will notify the presenting author of the status of the submitted abstract by email no later than May 31, 2019.
- Applications are masked and peer-reviewed by the Summer Symposium abstract committee.
- Abstracts should be submitted by the presenting author.
- All submissions must have at least one WIO member as an author of the poster.
- Abstracts should not exceed 300 words.

ABSTRACT RECOMMENDATIONS

All abstracts are considered equally for selection and the quality of the abstract is the single most important factor in the committee's decision. The information below is provided to help you prepare the best possible abstract for submission.

Abstracts should have enough information or data to answer a scientific question. Consider formatting your abstract submission using: Purpose, Background, Methods, Results, Conclusion. If your research does not meet the criteria above consider using a Grand Rounds format: Chief Complaint/Presentation, Clinical History, Ocular Exam, Data/Photos/Video, Differential Diagnosis and Results, Conclusion.

Use the following questions to strengthen your submission:

- Is the title of the abstract descriptive?
- Does the abstract include sample size, study duration, and/or descriptions of techniques used, as needed?
- Avoid including statements like “will be done,” “will be studied,” “will be under way,” or “will be analyzed.”

Do not hesitate to contact us at info@wioonline.org with any questions.
