Learn the most from the best! At the WIO 2022 Aesthetics Lab you will learn the skills needed to take your aesthetics practice to the next level. Whether you are a novice or an experienced practitioner, this course is for you. We will explore preventative skin care, transformative skin care, as well as the latest injectables with live demos. CME is available.

TRICKS FOR PUPIL MANAGEMENT FOR THE CATARACT SURGEON

Analisa Arosemena, MD

The pupil can be the surgeon's ally or greatest foe. Dr. Arosemena will guide the surgeon through how to manage various challenges that the pupil presents during surgery. From beginner to experienced surgeon – this is for you!

OMIC: LESSONS LEARNED FROM CATARACT SURGERY

Chris Albanis, MD, Michelle Pineda, MBA

In this session presented by Michelle Pineda, MBA and Chris Albanis, MD, you will learn how to identify professional liability risk exposures associated with cataract surgery procedures and provide ophthalmic surgeons and their practice with risk management strategies to mitigate those risks.

LIVE WELL - STRETCH FOR SUCCESS - BETWEEN CASE STRETCHES TO PRESERVE YOUR CAREER

Maria Lim, MD

Back and neck pain are the most common causes of disability for the ophthalmic surgeon. These issues can lead to discomfort, temporary, and even permanent disability, which prevents us from doing what we love – operate. Dr. Lim will go through exercises that can be done between cases to put us on a journey of active mindfulness that will improve quality of life and extend our careers!
